To the FCC,

I would like to comment on any changes you are considering for Christian radio stations.

Please do not change a thing. My family and I love listening to Christian Radio. We find it up lifting and calming. As a parent I am thankful I don't have to worry about what my children will hear. I want them to hear the music, which encourages them to do the right thing and praise God in all things. I am thankful that we can enjoy a radio station together, as a family, and not be seperated with our own music.

Air1 has been a positive part of my life for over 15 years. I have supported them financial for many of these years. It is hard for them to survive on donations. But the struggle is worth it to provide a clean station, not one trying to make sponsors happy. As our economy has been plumeting I know they are struggling to make ends meet. Please don't add to this burden.

Also, we should have a choice. Just as I choose not to listen to Trash(talk) Radio, others have a choice not to listen to Air1. Pleae leave things as the are, and leave things as the are.

Please let Free Speech be Free. Don't burden the independent radio stations to succumb to ways of the world.

Thank you,
Maureen Livermore
